

Inclusive Finance Exposure Programme

Learning from the Indian Financial Inclusion Experience

The Inclusive Finance India Initiative brings a unique opportunity for institutions, practitioners and policy makers from other markets to learn from the Indian experience of striving towards universal financial inclusion...

An experience that offers a diversity of models, technologies, institutional channels and practices playing out within a complex web of enabling and impeding elements of the ecosystem.

Programme Components

Class room orientation

Participation in the Inclusive Finance India Summit

Discussion with sector experts and practitioners

Visits to diverse inclusive finance delivery models (Fintech, MFI, Agent Banking)

*Programme for a delegation can be customized based on specific expectations & requirements.
